\$250,000 GEMS SEIZED

Jewels of Peggy Joyce Taken by Treasury Agents.

Report Says She Was Dupe of Paris Jeweler—Diamond Tiara, Valued at \$100,000, Held.

Chicago, June 30.—Jewels valued at nearly \$250,000, owned by Peggy Hopkins Joyce, have been seized by special treasury agents in New York city, according to information received at the federal building here. Collector of Customs William H. Clara said that a report from the New York office itemized the jewels being held for nonpayment of custom taxes. Among them is a diamond tiara valued at \$100,000.

The investigation involving Peggy in a smuggling conspiracy with the famous jewelry firm of Cartier of Paris is being followed. A letter has been sent the internationally known jeweler demanding that he turn over copies of correspondence with Peggy as well as all her business transactions with his New York office and her tax receipts paid to this country and in France.

Peggy is alleged by local government officials to have acted as a tool of Cartier in evading import taxes by taking jewels to the New York branch of the firm. Among the methods said to have been used by her was the presentation of statements that she had only bringing her own property back. She would claim to have paid the duty to the French office.

Along with the jewelry probe the treasury department agents are seeking Peggy to question her concerning three automobiles which she is said to have brought back without paying duty, claiming that she had taken them over with her.

Letters written by Peggy to Cartier were in the possession of federal investigators here, but were sent to the special treasury agent at New York for use by him in checking up her accounts and purchases with French firms. While the originals have been sent East, copies have been retained by the local agents for file purposes.

For some weeks, since the annulment proceedings filed by her husband, Stanley Joyce, in which he listed nearly a million dollars' worth of jewelry purchased for her in foreign countries, Special Treasury Agent W. S. Williams of the Chicago office has been quietly checking up on rumors concerning the import tax evasion.

ALLIES GET GERMAN CARS

Berlin Government Fulfills Rail Promise on Reparations Say Advisors to Washington.

Washington, June 30.—Germany has fulfilled her obligation to replace railway material taken by her armed forces from allied countries during the war, according to advisors received here in official circles.

The international railway commission demanded that Germany deliver 5,000 railway cars to France and Belgium, of which the former country was to receive 1,500 and the latter 3,500. In compliance with this demand, according to German figures, 3,419 state-owned railway cars and 61 of private companies have been delivered to Belgium and 1,492 state-owned railway cars and 113 private-owned cars to France.

Dixon C. Williams, the well known manufacturer, deserves well at the hands of the Democratic party. He is a born leader.

Charles Center Case, who made a splendid record as assistant state's attorney, would make a fine judge.

George L. Schein, the well known lawyer, would make a good judge. Keep your eyes on Lincoln Park and watch it run down.
